# A LITTLE CONTEXT:

Hello!

This is infinitely more fun than an email and honestly a lot more organized. Hopefully it's helpful for you, too.

My goal is to give you all the information I wish I had when I first got married, right away. So my apologies if it's a lot to take in, it probably is.

No matter what photographer you go with, I HIGHLY recommend asking to see a full wedding gallery from them before you hire them. People only showcase their best work, so a full gallery gives you a better idea of what you'll actually receive.

What I really want is for you to find your dream photographer, who has your vision in mind, who's in your budget, and this is designed to help you narrow down that person!

I'm rooting for you!

# WHAT I'M OFFERING YOU:

- My philosophy in photographing weddings is to document your day, *as it was*. I stay true-to-color, and whatever the vibe is of your wedding day, is what I want your gallery to feel like when you look at it.
- You will receive around 400-1,000 images via an online gallery. You will have full rights to the photos and may do whatever you wish with them.
- High quality, life-time guaranteed albums and prints. I have hand selected the companies I use for printing based off of quality, materials, and reviews.
- A one week sneak peak of 50 images, and under 8 week gallery delivery.
- Preplanning assistance. We will build a timeline together, discuss your needs, and create a plan to make your day run as smoothly as possible.

# THINGS TO CONSIDER FOR YOUR WEDDING:

- How important are amazing couples photos? How much time would you like to carve out for couples photos including getting to those locations? How many hours of daylight will we have on your date?
- Will the bride have a first looks with her Dad and/or soon to be spouse before the ceremony? This is important because it will change your timeline.
- Any rehearsal dinner coverage? Many people want to remember their rehearsal dinner as well as their wedding day since they are so closely linked! Definitely a consideration to make as you plan your wedding.
- How many guests are going to attend? Is it important that everyone you know and their plus one is invited? Or are you cutting as many people from the list as possible? This plays a MASSIVE role in the vibe of your wedding.

# TRADITIONAL WEDDING TIMELINES

Whoever your photographer is, they should make a timeline with you. If they don't, feel free to use this as a guide. Albeit, these are for "traditional" weddings so if you're going for more elopement style, these might not be as helpful.

# QUESTIONS TO ASK YOUR PHOTOGRAPHER BEFORE YOU HIRE THEM.

- Can I see a full wedding gallery? (CHECK SKIN TONES in various lighting conditions. Most good photographers will prioritize skin tones being accurate, this is especially noticeable in the shadows of people's faces.)
- Can you customize a wedding package to fit my wedding specifically?
- How long will it take you to get my photos back to me?
- Do you do prints/album? Are they an additional charge?
- What's your editing style?
- What's your photography philosophy?
- If you are doing a shoot the day before the wedding (whether a private vow session or rehearsal dinner) ask how much they would charge additionally.
- Where can I see your reviews? Can you explain any bad reviews?
